

ACHIEVING RESULTS FOR OUR CLIENTS

Advantix Helps Hospital System Streamline UC Migration and Save \$1.7 Million Annually

Client Profile

Industry: Healthcare

Locations: Dozens in the Midwest

Carriers: Multiple nationwide

Situation

Mid-UC migration

\$10 million annual spend

Limited visibility into inventory and billing

Limited resources exacerbated by Covid

Solution

Advantix created a comprehensive inventory of all telecom solutions being billed. Our experts analyzed need versus usage to build a plan for optimization. Products and services that were not being utilized were canceled. Many were replaced with best-in-class offers at lower prices.

Results

- \$1.7M reduction in spend without changing vendors
- Secured an additional \$240K in credit for billing errors
- Created accurate and clean account of inventory and spend
- Streamlined UC migration road-mapping and implementation
